# Printing & Decoration contents

Make the finish your signature. Develop flat printed graphics, stitched emblems, raised effects, transfers and separate patches around your chosen material and artwork.

COMPARE THE RIGHT DETAILS: Review artwork scale, surface hand, edge definition, color, stretch behavior, placement and attachment on an actual development sample.

Finish names may overlap or describe variations within a process. Confirm the selected process, substrate and finish through sampling.

## Screen Printing

**TM-D001**

*Surface detail*

Brand artwork reference

**VISUAL EFFECT**

Layered ink artwork applied through a screen.

**APPLICATION DIRECTION**

Cotton apparel / repeat spot-color artwork

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Embroidery

**TM-D002**

*Surface detail*

Brand artwork reference

**VISUAL EFFECT**

Thread stitches form a textured brand application.

**APPLICATION DIRECTION**

Polo shirts / jackets / headwear

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## 3D Puff embroidery

**TM-D003**

*Surface detail*

**VISUAL EFFECT**

Foam under the stitches creates a raised effect. Bold shapes suit this treatment.

Brand artwork reference

**APPLICATION DIRECTION**

Structured caps / suitable thick surfaces

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Chenille embroidery

**TM-D004**

*Surface detail*

**VISUAL EFFECT**

Raised yarn gives a soft varsity-style surface.

Brand artwork reference

**APPLICATION DIRECTION**

Varsity jackets / sweatshirts

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Embossing

**TM-D005**

*Surface detail*

**VISUAL EFFECT**

A shaped surface treatment produces tonal relief.

Brand artwork reference

**APPLICATION DIRECTION**

Suitable casualwear / sample review required

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Water ink screen

**TM-D006**

*Surface detail*

**VISUAL EFFECT**

The source describes a soft screen-print finish for light base garments.

Brand artwork reference

**APPLICATION DIRECTION**

Light-colored shirts

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Pigment Printing

**TM-D007**

*Surface detail*

**VISUAL EFFECT**

A pigment-based print treatment; approve color sequence and opacity on a sample.

Brand artwork reference

**APPLICATION DIRECTION**

Suitable apparel / supplier review

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Tie-dye

**TM-D008**

*Surface detail*

**VISUAL EFFECT**

Resist dye creates irregular color patterns. A separate logo treatment is required.

Brand artwork reference

**APPLICATION DIRECTION**

Cotton-style casualwear; specify fiber suitability in the quotation

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Reflective printing

**TM-D009**

*Surface detail*

**VISUAL EFFECT**

Reflective artwork changes appearance under direct illumination.

Brand artwork reference

**APPLICATION DIRECTION**

Running apparel / no safety certification implied

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## 3D puff printing

**TM-D010**

*Surface detail*

**VISUAL EFFECT**

Expanded ink creates softly rounded raised graphics.

Brand artwork reference

**APPLICATION DIRECTION**

Suitable cotton / polyester / stretch blends per official page

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## High-density screen printing

**TM-D011**

*Surface detail*

**VISUAL EFFECT**

A thicker ink deposit creates a pronounced raised edge.

Brand artwork reference

**APPLICATION DIRECTION**

Graphic T-shirts / special-effect branding

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Silicon printing

**TM-D012**

*Surface detail*

**VISUAL EFFECT**

The official source uses this spelling for matte or shiny rubber-like decoration.

Brand artwork reference

**APPLICATION DIRECTION**

Leggings / shirts / socks; specify the formulation in the product specification

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Sublimation Printing

**TM-D013**

*Surface detail*

Brand artwork reference

**VISUAL EFFECT**

Heat transfers a design into a compatible textile surface.

**APPLICATION DIRECTION**

Compatible polyester apparel / confirm blend and base color

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Vinyl printing

**TM-D014**

*Surface detail*

Brand artwork reference

**VISUAL EFFECT**

A heat-applied vinyl graphic gives defined logos and lettering.

**APPLICATION DIRECTION**

Names / numbers / solid artwork; sample review required

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## All-over sublimation

**TM-D015**

*Surface detail*

**VISUAL EFFECT**

Artwork extends across compatible printed garment panels.

Brand artwork reference

**APPLICATION DIRECTION**

Sports jerseys, training apparel and coordinated kit graphics.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Panel sublimation

**TM-D016**

*Surface detail*

**VISUAL EFFECT**

A targeted layout is developed for selected garment panels.

Brand artwork reference

**APPLICATION DIRECTION**

Panel-specific graphics and coordinated color placement.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Flat embroidery

**TM-D017**

*Surface detail*

**VISUAL EFFECT**

Direct stitches give the mark a tactile thread finish.

Brand artwork reference

**APPLICATION DIRECTION**

Chest logos, caps, jackets and refined corporate branding.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Appliqué embroidery

**TM-D018**

*Surface detail*

**VISUAL EFFECT**

Cut fabric shapes combine with embroidered outlines.

Brand artwork reference

**APPLICATION DIRECTION**

Large chest, back or varsity-style logo applications.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Metallic thread embroidery

**TM-D019**

*Surface detail*

**VISUAL EFFECT**

Metallic-looking thread introduces a reflective textile accent.

Brand artwork reference

**APPLICATION DIRECTION**

Statement emblems and refined small brand marks.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Chain-stitch embroidery

**TM-D020**

*Surface detail*

**VISUAL EFFECT**

Linked stitch lines create an expressive thread surface.

Brand artwork reference

**APPLICATION DIRECTION**

Heritage-style lettering and decorative brand emblems.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Mixed flat & 3D embroidery

**TM-D021**

*Surface detail*

**VISUAL EFFECT**

Flat and raised areas are combined within the artwork.

Brand artwork reference

**APPLICATION DIRECTION**

Structured caps and bold contrasting logo details.

**ARTWORK & PLACEMENT**

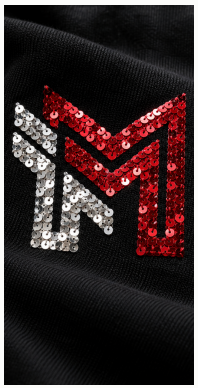
Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Sequin embroidery

**TM-D022**



*Surface detail*

**VISUAL EFFECT**

Sequins add a light-catching decorative surface.

Brand artwork reference

**APPLICATION DIRECTION**

Fashion, dance and statement apparel concepts.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Water-based screen print

**TM-D023**

*Surface detail*

**VISUAL EFFECT**

A matte ink direction with the textile surface still apparent.

Brand artwork reference

**APPLICATION DIRECTION**

Simple brand artwork and suitable cotton-style garments.

**ARTWORK & PLACEMENT**

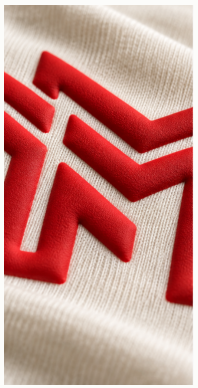
Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Puff screen print

**TM-D024**



*Surface detail*

**VISUAL EFFECT**

Expanded ink produces a rounded dimensional finish.

Brand artwork reference

**APPLICATION DIRECTION**

Bold logos and simplified statement graphics.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## High-density print

**TM-D025**

*Surface detail*

**VISUAL EFFECT**

A thicker ink profile gives artwork a crisp raised edge.

Brand artwork reference

**APPLICATION DIRECTION**

Graphic logos with a deliberate relief effect.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Discharge print

**TM-D026**

*Surface detail*

**VISUAL EFFECT**

A soft tonal print direction for an appropriate dyed base.

Brand artwork reference

**APPLICATION DIRECTION**

Vintage-style artwork; base-dye suitability is essential.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Plastisol screen print

**TM-D027**

*Surface detail*

**VISUAL EFFECT**

Opaque spot-color artwork with a defined printed surface.

Brand artwork reference

**APPLICATION DIRECTION**

Repeat logos, team artwork and graphic collections.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Silicone screen print

**TM-D028**

*Surface detail*

**VISUAL EFFECT**

A smooth rubber-like surface is built through the print process.

Brand artwork reference

**APPLICATION DIRECTION**

Selected logos and controlled dimensional details.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Crackle print

**TM-D029**

*Surface detail*

**VISUAL EFFECT**

A deliberately fractured surface adds a distressed character.

Brand artwork reference

**APPLICATION DIRECTION**

Vintage and fashion graphics with a controlled aged appearance.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## DTF transfer

**TM-D030**

*Surface detail*

**VISUAL EFFECT**

A detailed transfer direction for full-color brand artwork.

Brand artwork reference

**APPLICATION DIRECTION**

Complex logo and small-run artwork concepts.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## DTG printing

**TM-D031**

*Surface detail*

**VISUAL EFFECT**

Artwork is developed for a direct-to-garment print route.

Brand artwork reference

**APPLICATION DIRECTION**

Detailed graphics on an appropriate prepared garment base.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Heat-transfer vinyl

**TM-D032**

*Surface detail*

**VISUAL EFFECT**

Cut film creates clearly defined solid graphic areas.

Brand artwork reference

**APPLICATION DIRECTION**

Names, numbers and clean logo shapes.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Screen-printed transfer

**TM-D033**

*Surface detail*

**VISUAL EFFECT**

Screen-printed artwork is transferred to the chosen garment.

Brand artwork reference

**APPLICATION DIRECTION**

Repeat artwork requiring controlled placement.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Reflective transfer

**TM-D034**

*Surface detail*

**VISUAL EFFECT**

The artwork changes its appearance under direct illumination.

Brand artwork reference

**APPLICATION DIRECTION**

Reflective visual accents without an implied safety certification.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Metallic foil

**TM-D035**

*Surface detail*

**VISUAL EFFECT**

A foil-like metallic surface adds a sharp light-catching accent.

Brand artwork reference

**APPLICATION DIRECTION**

Statement fashion logos and decorative graphic details.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Silicone transfer

**TM-D036**

*Surface detail*

**VISUAL EFFECT**

A flexible molded-looking transfer gives a smooth brand detail.

Brand artwork reference

**APPLICATION DIRECTION**

Selected sportswear and accessory branding zones.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Flock transfer

**TM-D037**

*Surface detail*

**VISUAL EFFECT**

Short fibers give the artwork a soft velvet-like surface.

Brand artwork reference

**APPLICATION DIRECTION**

Tactile lettering and fashion branding concepts.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Glitter transfer

**TM-D038**

*Surface detail*

**VISUAL EFFECT**

Fine sparkle adds a decorative finish to defined artwork.

Brand artwork reference

**APPLICATION DIRECTION**

Dance, event and fashion graphic directions.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Glow-in-the-dark print

**TM-D039**

*Surface detail*

**VISUAL EFFECT**

A glow-effect direction is developed as a decorative print.

Brand artwork reference

**APPLICATION DIRECTION**

Novelty and event artwork with sample-defined appearance.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Holographic transfer

**TM-D040**

*Surface detail*

**VISUAL EFFECT**

An iridescent film changes color with viewing angle.

Brand artwork reference

**APPLICATION DIRECTION**

Statement logos and contemporary fashion accents.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Suede transfer

**TM-D041**

*Surface detail*

**VISUAL EFFECT**

A soft napped surface introduces a restrained tactile effect.

Brand artwork reference

**APPLICATION DIRECTION**

Tonal fashion artwork and premium-looking logos.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Embossed decoration

**TM-D042**

*Surface detail*

**VISUAL EFFECT**

Raised tonal relief makes the surface itself part of the branding.

Brand artwork reference

**APPLICATION DIRECTION**

Simplified marks on a suitable material and construction.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Debossed decoration

**TM-D043**

*Surface detail*

**VISUAL EFFECT**

Recessed relief produces a subtle brand impression.

Brand artwork reference

**APPLICATION DIRECTION**

Selected patches, trims and suitable garment surfaces.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Rhinestone decoration

**TM-D044**

*Surface detail*

**VISUAL EFFECT**

Small faceted stones add a sparkling dimensional treatment.

Brand artwork reference

**APPLICATION DIRECTION**

Dance, event and fashion concepts with simplified artwork.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Embroidered patch

**TM-D045**

*Surface detail*

**VISUAL EFFECT**

A stitched emblem is made separately and attached to the product.

Brand artwork reference

**APPLICATION DIRECTION**

Jackets, caps, bags and repeat brand emblems.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Woven patch

**TM-D046**

*Surface detail*

**VISUAL EFFECT**

Fine woven detail gives a compact separate brand emblem.

Brand artwork reference

**APPLICATION DIRECTION**

Caps, bags and garment branding with a refined flat surface.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Silicone patch

**TM-D047**

*Surface detail*

**VISUAL EFFECT**

A molded rubber-like patch introduces a dimensional brand zone.

Brand artwork reference

**APPLICATION DIRECTION**

Sportswear, bags and accessory concepts.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Sublimated patch

**TM-D048**

*Surface detail*

**VISUAL EFFECT**

Printed textile artwork is presented as a separate patch.

Brand artwork reference

**APPLICATION DIRECTION**

Detailed full-color emblems and coordinated team identities.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Tackle twill lettering

**TM-D049**

*Surface detail*

**VISUAL EFFECT**

Twill fabric shapes and stitched edges create a layered emblem.

Brand artwork reference

**APPLICATION DIRECTION**

Bold team identities and varsity-style branding.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## Chenille patch

**TM-D050**

*Surface detail*

**VISUAL EFFECT**

Looped yarn gives a separate patch a soft varsity texture.

Brand artwork reference

**APPLICATION DIRECTION**

Jackets, sweatshirts and statement brand badges.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

# Print & decoration references

## Leather-look patch

**TM-D051**

*Surface detail*

**VISUAL EFFECT**

A leather-look patch gives the brand a distinct trim surface.

Brand artwork reference

**APPLICATION DIRECTION**

Denim, caps, bags and coordinated accessory branding.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.

## 3D embroidered patch

**TM-D052**

*Surface detail*

**VISUAL EFFECT**

Raised stitching is developed within a separate emblem.

Brand artwork reference

**APPLICATION DIRECTION**

Structured caps and bold patch placements.

**ARTWORK & PLACEMENT**

Choose the logo or graphic, finished size, color requirements and exact position. Include fine details and any required backing or attachment in the development brief.

**SAMPLE REVIEW**

Compare the finish on the selected base material for appearance, hand feel, edges and the intended care requirements.
